ANNUAL REPORT

October 1, 2012-September 30, 2013

A Home Is More Than Just A House

THANKS TO YOU

Dear Friends,

As I walked through the doors of Families First last November, I knew there was something special happening here. It showed on the faces of the staff, board members, volunteers and donors. The energy was uplifting and it was apparent they were dedicated and passionate about their work—ensuring the well-being of the children and families that we are privileged to serve.

When I visited the Children's Treatment Center for the first time, I realized that the driving force behind their commitment to change was their sense of hope. As these young people gave me high fives and welcomed me to their home, their positive attitude was contagious and I could see how the staff infused the kids with confidence, helping them see that they can achieve their goals. The children are asked to push beyond their perceived limitations in order to move forward even if the challenges before them feel insurmountable.

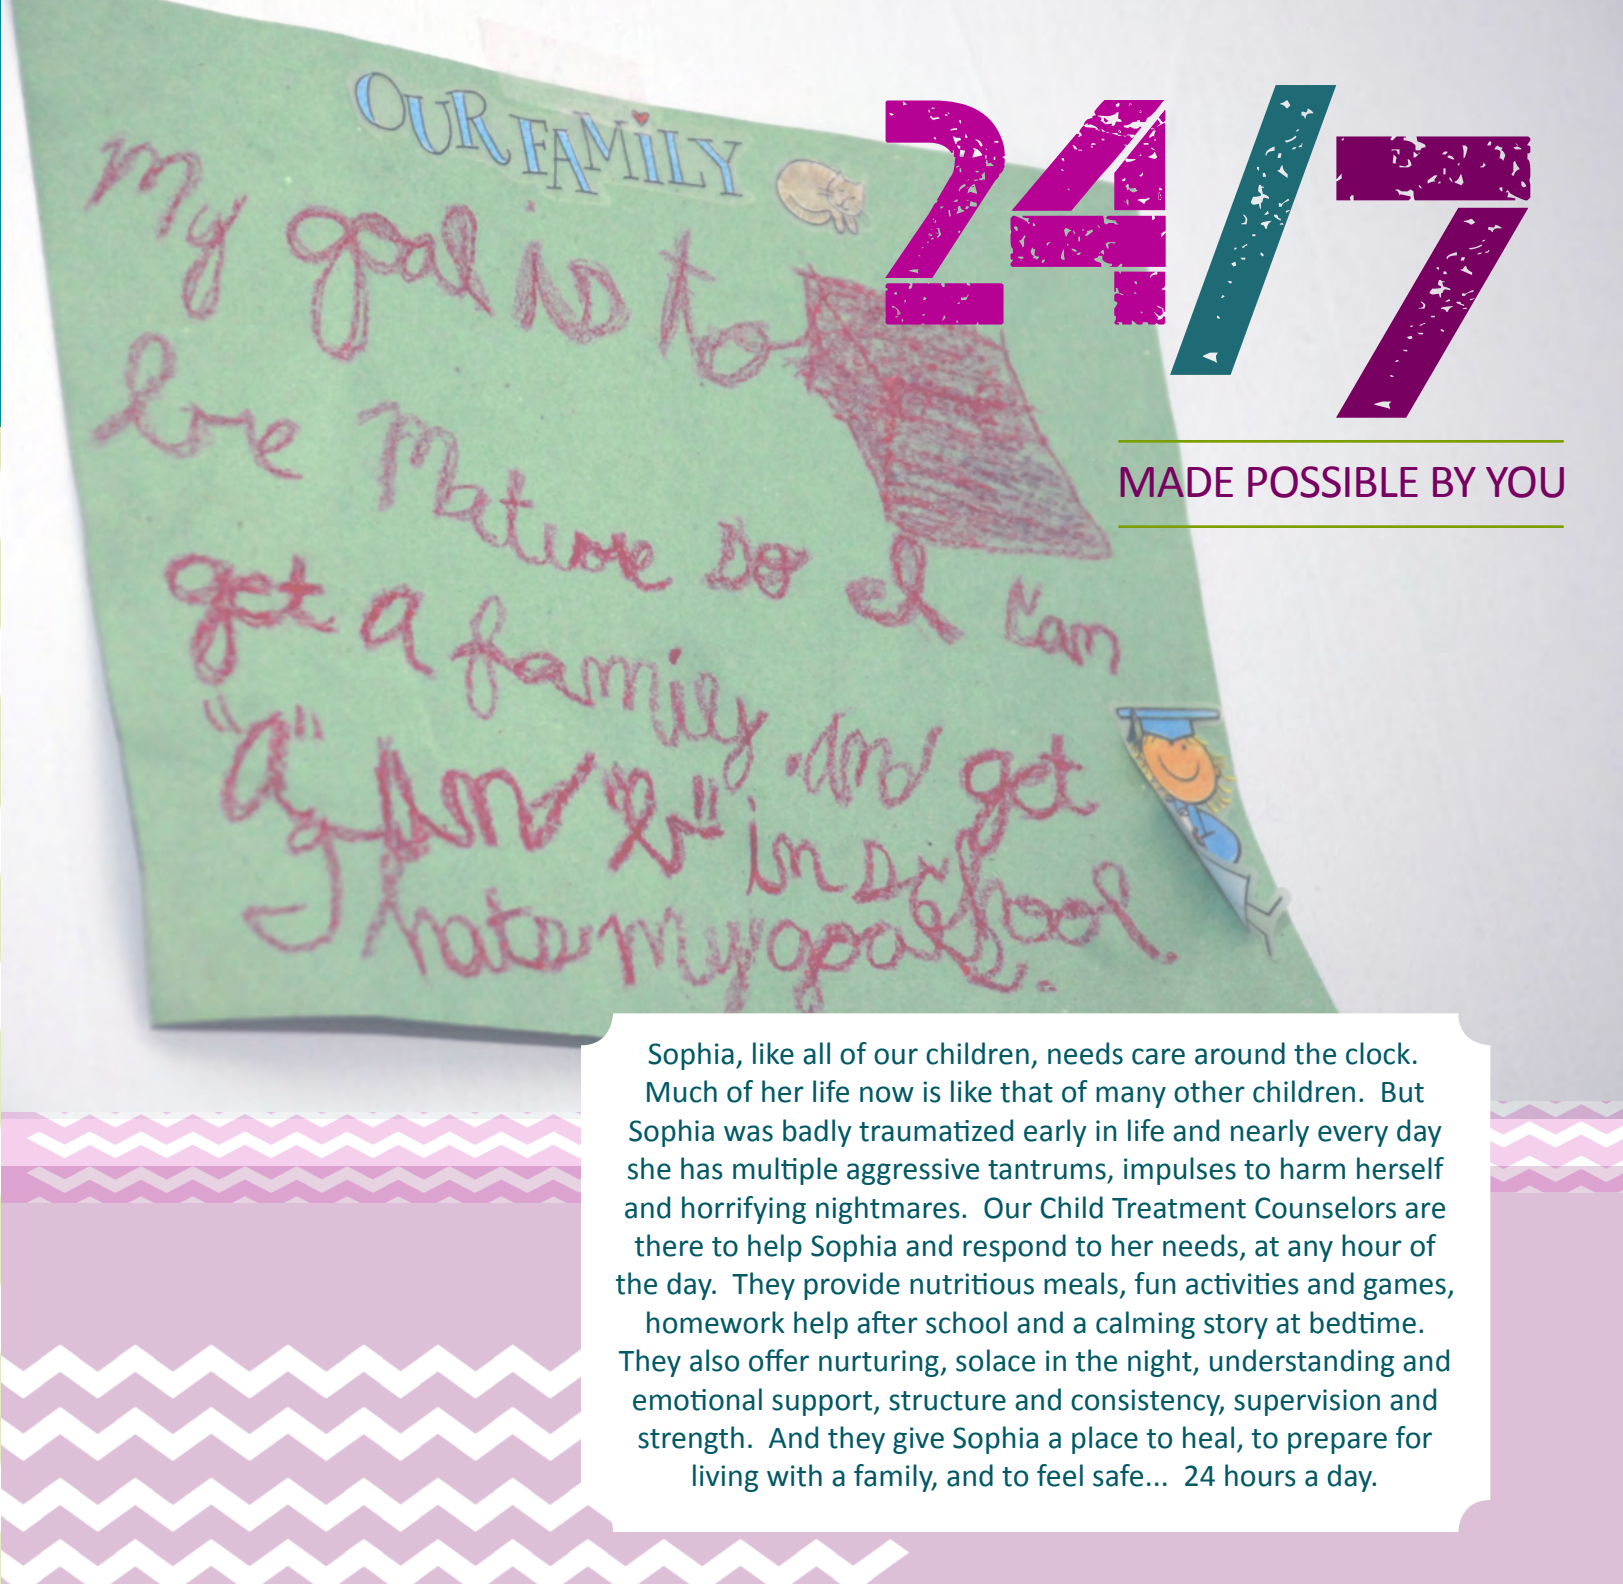

I was able to see our parent educators and group facilitators in action as they met with parents and caregivers, providing them with the tools they need to ensure that their children are nurtured and cared for in a safe environment. Our caring support-line staff and volunteers demonstrate vast knowledge of the community, providing callers with resource referrals and support. Our children's group allows young people the chance to learn relationship skills, make new friends and express their creativity.

Our Board of Directors is top-notch and dedicated. They provide their expertise, resources and support daily. They are committed to ensuring that we have the tools and resources necessary for children and families to be successful. Our volunteer guild, FRIENDS for Families First, our donors and program volunteers are extremely giving of their hearts, their time and their financial support for the children and families of our community. Without their support we could not continue to provide our services.

I am proud to be a part of an organization with a long history of success and I look forward to working with all of our friends and supporters to ensure that our programs continue to help strengthen children and families so they may see a future where hope and possibilities are endless.

to a healthy childhood...ALL BECAUSE OF YOU

Liz called the Family Support Line and stated that, "being a mom is nothing like I thought it would be." New mothers often call to discuss their feelings of disenchantment, frustration and guilt about not being the "perfect mother." We are able to help moms like Liz by listening to their concerns, normalizing their feelings and helping them identify their strengths and natural supports. If parents feel cared for and supported, they then feel confident that they can meet the needs of their children, which creates the foundation every child needs for a happy and healthy childhood. All because of YOU-moms, dads, grandparents and other caretakers across Colorado have the resources and support they need to create a healthy beginning for the children in their care. Support is just a phone call away - 1-800-CHILDREN.

SANDBOX SUPERHEROES

EMPOWERED BY YOU

Tammy called Child Protective Services when she realized, just after her son's birth, she was struggling to care for him the way he needed. Tammy suffered from postpartum depression and it was affecting all areas of her life. Knowing she needed support in raising her son, Tammy found a Circle of Parents® Group at Families First to help her through the often challenging first few years of parenthood. The support she has received from the other parents in the group has built her confidence, validated her struggles and most of all, strengthened her family. Tammy's son is now entering Kindergarten and they still attend group each week. Through our Parent Support Programs we are able to empower parents like Tammy and give them the tools they need to be their child's SuperHero....Empowered by you....

FUTURO DE ESPERANZA

MADE POSSIBLE BY YOU

Hopeful Future

Lourdes is a dedicated mother that attends the Spanish Circle of Parents® group each week. Like most of the parents in the Spanish group, she and her family moved to the United States from Latin America. Lourdes talks about the challenges she faces in raising her children in a different culture and how important it's been to connect with other parents who are in similar situations. The support she has received from the group has helped her feel understood and validated, especially within her role as a parent. The group has also given Lourdes support around preserving important traditions from her native home of Peru, while helping her children adjust to life in the United States. As a group, the parents have embraced their heritage and are committed to helping each other navigate the challenges of life in a different country. Lourdes has found support, connections and hope through Families First and it was all made possible because of you...

Lourdes es una madre dedicada que asiste al Círculo de Padres® cada semana. Como la mayoría de los padres en el grupo en español, ella y su familia se mudaron a los Estados Unidos desde América Latina. Lourdes habla de los desafíos que enfrenta cada día en la crianza de sus hijos en esta cultura tan diferente y lo importante que es estar conectado con otros padres que tienen situaciones similares. El apoyo que ha recibido del grupo la ha ayudado a sentirse valorada y comprendida, especialmente dentro de su papel como madre. Lourdes ha encontrado en el grupo como seguir sus tradiciones Peruanas mientras sus hijos también se adaptan a la vida en Estados Unidos. Lourdes nos dice que gracias al apoyo de Families First y del grupo para padres en español ha encontrado una esperanza.

MISSION STATEMENT

To end the cycle of child abuse and neglect by providing resources to empower parents, nurture children and strengthen families. We respond to the needs of all families with an approach that is welcoming and collaborative.

SLAM DUNK

At Families First, we are guided by what is in the best interest of children. We believe children thrive in enduring and safe relationships with adults and are entitled to a place in a healthy, nurturing family. We believe that all parents benefit from tools and resources to help them nurture, bond with and discipline their children in a healthy and effective way. We believe in children and we believe in families.

THANK YOU FOR MAKING IT ALL POSSIBLE
